## TWO-WAY RADIOS MOTOROLA XTNi   réf.XTNi

MOTOROLA

XTNi   XTNid

Performance you can count on and no license required. Introducing the XTNi Series - Motorola's flagship range of unlicensed analogue business two-way radios, offering your business a powerful, cost-effective tool for enhancing efficiency and overall profitability as well as new levels of audio quality, performance and durability. Available in eiethr non-display (XTNi) or display (XTNiD) versions- the perfect solution to satisfy your on-site

Exceptional Audio Quality
2000 mW audio output, speaker magnetic field reduction, wind-noise reduction and improved RF specifications deliver superior audio quality that is 30% louder than Motorola XTN.

Rugged and Water Resistant
Meets Military 810 C,D,E and F and IP55 specifications for shock, rain, humidity, salt fog, vibration, sand/dust, temperature shock, high and low temperature.

Customer Programming Software (CPS)*
Allows users to perform programming functions and provides access to new features such as cloning and radio profiles,
Scan, Channel/PL code selection, Call tones andTime-Out Timer.

Non-Display and Display Versions
XTNi offering simplicity of operation or XTNiD offering additional operational capabilities and functionality. XTNi HC X version also available, suitable for use in non-PMR446 markets

Power and Coverage**
500 Mw UHF - Coverage of up to 9Km depending on terrain and operating conditions.

Licence-free Frequencies
Operates without subscription or call charges on PMR446 unlicensed frequencies, offering 8 channels and user selectable PL codes to help ensure a clear signal.

Tri-Color LED Interface
Convenient interface allows users to identify different radio features and radio status.

Flexible and Durable Battery Life Solutions
The custom XTNi Series Li-Ion battery packs are designed and manufactured to ensure durability. Models are available with either standard or high-capacity Li-Ion batteries. All radios can also be operated via alkaline batteries using an optional accessory kit.

Easy Cloning
Quickly copy settings with the Radio-to-Radio Cloning Cable or Multi-Unit Charger. (Both accessories sold separately)
Advanced Voice Activation (VOX) Enables convenient hands-free operation.
